## BUILD YOUR OWN SKETCHBOOK

### PROJECT DESCRIPTION

For this project, you will each design and build your own sketchbook, one that will be used in this class for all GD2 projects.

For this project, you have three design components to address:

- 1. Cover Design**
- 2. Intro / Info page**
- 3. Grid Design (can be blank)**

Design constraints:

Design on a 5.5 x 8.5" layout.

\*Adobe Illustrator is recommended.

Examples and discussion will take place in class.
